

Kentucky Rural Water Association

Helping water and wastewater utilities help themselves

October 18, 2005

Ms. Beth O'Donnell, Executive Director
Public Service Commission
P. O. Box 615
Frankfort, KY 40602-0615

RECEIVED

OCT 24 2005

PUBLIC SERVICE
COMMISSION

Dear Ms. O'Donnell:

Case No. 2005-00434

Kentucky Rural Water Association hosted three (3) regional meetings during the month of April, 2005. We are requesting that this training be approved for commissioners as referenced in HB-75, KRS 74.020.

Please find enclosed a training summary for these meetings which includes a timed agenda, a description of the sessions, and speaker biographies. Two (2) hours of continuing education credit was approved by the Division of Water for drinking water treatment and distribution operators. A copy of their approval is also enclosed.

With this letter and enclosures, Kentucky Rural Water Association is requesting the approval of two (2) hours per session for commissioner and board member training. If additional information is needed, please do not hesitate to call.

Sincerely,

Phillip East

Kentucky Rural Water Association – Regional Meeting

Course Title: Northeast Regional Meeting
Location: Ponderosa Steak House - Morehead, Kentucky
Date: April 19, 2005

Division of Water Assigned Course Number:

Learning Objectives:

The objective is to address the water quality concerns associated with storing water in tanks. Operators and decision makers will learn how to maintain the quality of the water and assure that the Stage 1 Disinfection Byproduct Rule requirements are being met.

Criteria for Training Credits:

Following a meal, the training portion of the meeting will be conducted from 6:30 PM until 8:30 PM. Operators will be granted credit for actual time attending or participating in the training sessions. The maximum number of training credit hours for this meeting will be two (2) hours.

Topic: Tank Maintenance
Presenter: Jay Hoffman, Wet or Dry Tank Inspections

This session will provide two (2) hours of training and will focus on how the operation and maintenance of water tanks affect water quality. The presentation will include

1. Preventing contamination and intrusions in storage tanks
2. Water quality problems in tanks
3. Tank inspections – when and how
4. Tank mixing systems

WET or DRY

Tank
Inspection
Services

Member: NACE, SSPC, ASTM, AWWA, NFPA

Kentucky Rural Water Association – Regional Meeting

Course Title: Green River Regional Meeting
Location: McCoy & McCoy Laboratories - Madisonville, Kentucky
Date: April 21, 2005

Division of Water Assigned Course Number:

Learning Objectives:

The objective is to illustrate the advances in sampling and monitoring and analysis procedures. Operators and decision makers will learn how the past, present, and future regulatory requirements affect the operation of water systems and the associated testing requirements

Criteria for Training Credits:

Following a meal, the training portion of the meeting will be conducted from 6:30 PM until 8:30 PM. Operators will be granted credit for actual time attending or participating in the training sessions. The maximum number of training credit hours for this meeting will be two (2) hours.

Topic: Sampling and Monitoring
Presenter: Archie Fugate, McCoy & McCoy Lab

This session will provide two (2) hours of training and will consist of one hour of classroom discussion followed by a tour of the lab facilities to demonstrate analysis procedures. The presentation and lab tour will address

- 1 History of laboratory analysis
- 2 Developing a sampling schedule
- 3 Maintaining analysis records
- 4 Sample analysis procedures

ARCHIE FUGATE
McCoy & McCoy Laboratories

Analytical Chemist with professional knowledge of the chemical and biological activities most commonly associated with the coal industry, sewage treatment plants, and municipal water systems. Includes the collection and analysis of samples. Provides recommendations on the alleviation of problems involved with these types of water discharge.

Education

B.S., Chemistry and Biology, Pikeville College, 1980

Professional Experience

1995 – Present	Technical Advisor/Client Relations
1981 – 1995	Water Laboratory Manager, McCoy & McCoy Laboratories, Inc.

BIOGRAPHY

Phillip N. East **Education Services Director** **Kentucky Rural Water Association**

Prior to coming to work as a Circuit Rider for the Kentucky Rural Water Association (KRWA) in September 1996, Phillip East served as Water Treatment Superintendent for the City of Franklin, Kentucky. Before moving to Kentucky, Mr. East worked as Treatment Plant Operator for the Hendersonville Utility District in Hendersonville, Tennessee. Phillip has served as the Education Services Director for KRWA since 1997.

Mr. East has also worked for the City of Odessa, Texas and the City of Austin, Texas where he worked his way up through the ranks serving as Chemical and Filter Operator, Instrument Technician, Maintenance Mechanic Foreman, Chief Operator, Assistant Plant Superintendent, Plant Supervisor, and Plant Operations Supervisor. Mr. East, who has over twenty years of experience, has worked with ground and surface water systems utilizing Accelerated Solids Contact and conventional treatment processes in plants ranging from 5 MGD to 60 MGD.

Mr. East earned a Bachelor of Science Degree from the University of Texas at Austin and has completed graduate work in Public Administration at South West Texas State University at San Marcos, Texas.

In addition to having been a member of the Capital Area Water and Wastewater Association in Texas, the Texas Water Utilities Association, and the American Water Works Association, Mr. East currently holds water treatment certification in Texas, Tennessee and Kentucky at the highest available technical levels.

Phillip and his wife, Joyce, reside with their son, Jeffrey, in Allen County, Kentucky. Another son, Jonathon, lives in Gatlinburg, Tennessee and daughter, Kimberly, lives in Nashville, Tennessee.

BIOGRAPHY

CLEM WETHINGTON

Clem Wethington came to Kentucky Rural Water Association in 1987 from the City of Eddyville where he was Superintendent of Public Works for over eight years. For nine years he served on the Eddyville City Council. Clem holds the following licenses: Class IIIA Kentucky Water Treatment Plant Operator's License, Class II Kentucky Water Distribution System Operator's License, and Class I Kentucky Wastewater Treatment Plant Operator's License.

Mr. Wethington held the position of Circuit Rider with Kentucky Rural Water Association from June 1987, to March 1991. His primary duties as Circuit Rider were to provide technical assistance and hands-on training to rural water utility personnel throughout Kentucky. In 1988, Wethington received the "Rookie Circuit Rider of the Year" award from the National Rural Water Association (NRWA). He was also a contributing author of a Rural and Small System Training Guide entitled "An Introduction to Hydrant Operation and Maintenance" published by the National Rural Water Association in 1989.

Mr. Wethington's position with KRWA from March 1991, to March 1994, was that of Groundwater Technician. In that capacity, he worked with communities throughout Kentucky to help them develop local wellhead protection plans. In 1993, Mr. Wethington was named "Groundwater Technician of the Year" by NRWA. In March 1994, Mr. Wethington returned as a Circuit Rider for a brief period and then became Program Specialist in February 1995. The Program Specialist is dually responsible for providing training and technical assistance to water systems. Clem was awarded the honor of "Training Specialist of the Year" by the NRWA in 1999.

Clem, a native of Casey County, Kentucky, resides in Eddyville, Kentucky with his wife, Maxine. They have three children. Clem enjoys outdoor activities including working in the yard, fishing, backpacking, canoeing, and golf. Another hobby includes listening to and singing gospel music.
